

ABOUT THE STATE

HAPPENINGS OF INTEREST FROM DIFFERENT SECTIONS

Two daughters of John Soulia of Ludlow, aged five and ten years, died Wednesday night of scarlet fever. They were buried the next day.

The six-year-old daughter of Mrs. Fallon of Hartland Four Corners was badly scalded recently when she tipped over a pail of hot water.

The seventh conference of the older boys of the state is to be held in Burlington Jan. 12 to 14, when that city expects to entertain 600 boys.

The civics committee of the Bellows Falls Woman's club stands back of a project to have moving pictures there for children each Saturday forenoon.

Mrs. Susan Dodge of East Montpelier was badly burned a few days ago when a pail of scalding water was overturned, the contents falling on her left side. She is 76 years old, but will probably recover.

For 20 minutes a broken standpipe threw water in Bellows Falls a few days ago so effectively as to stop all traffic on that street. The water pressure was so great that buildings in that locality were drenched.

The Twin State Gas & Electric company is to begin at once the grounding of electric wires in Brattleboro. This is considered necessary to eliminate the danger of heavy electric shocks. The work will take two years and cost a large sum.

S. N. Wright of Grafton has a wooden clock which his father, Daniel Wright, purchased for \$14 in Athens in 1839. It was manufactured by Jason R. Brown in 1839 at Holden, Mass., and has been running ever since, keeping good time and requiring only an occasional cleaning and new cord.

Napoleon Blair was saved from being killed Wednesday night when he was picked up alongside the railroad track near Vergennes and delivered into the hands of proper officers. Blair was fined \$15 and costs, with an alternative sentence of 72 days in jail, which he will serve, on the charge of intoxication. Blair said that his home was in Port Henry, N. Y., and that he went to Vergennes on purpose to get drunk.

Governor Gates Starts Sale of Red Cross Christmas Seals in Vermont.

At the request of Mrs. B. H. Stone, chairman of the Red Cross Seal committee of the Vermont Association for the Prevention of Tuberculosis, Governor Gates purchased to-day the first one hundred Red Cross Seals sold in Vermont this season. In response to Mrs. Stone's request the governor said, "I am enclosing my check for the first hundred Christmas seals issued by the Vermont Association for the Prevention of Tuberculosis. I most heartily approve of the purpose of the organization, and wish you success in your efforts to combat the dreaded disease, tuberculosis, in Vermont."

In addition to the endorsement of the governor, the Vermont Federation of Woman's Clubs has decided to abandon the sale of its special seal this year and urge all of the affiliated clubs to jump in and push the sale of the Red Cross Seal. In the towns members of the club will have charge of the local sale. Mrs. Hollister has been asked to take charge in Barre.

Moreover, most of the business men's organizations of the state have endorsed the sale of the seals and promised to co-operate in making it a big success. There is an extra interest in the sale this year because for the first time Vermont has an active organization for the Prevention of Tuberculosis.

After a careful study of conditions in the state the association has mapped out a definite program for fighting consumption, which has been endorsed by the leading physicians and the welfare workers of the state. The returns from the Red Cross Seals will determine how much of the program can be put into actual operation.

School Girl Asphyxiated.

A child's unfamiliarity with the use of illuminating gas caused death, sometime Thursday night, of Muriel Cray, 14, daughter of Fred C. Cray, of Spencer Hollow, in the home of Sanford E. Gallup in Springfield. Her body was found in bed Friday morning by Mrs. Gallup. That death was accidental there is no question.

Miss Cray attended the high school in Springfield, but as Spencer Hollow is several miles out of the village, she was staying with a family nearer the village. On account of the hard rain Thursday afternoon she decided not to ride home and so stayed with the Gallup family, who live in a tenement over Benjamin Shaw's hardware store.

There was a gas jet in the room given her, but because she was not used to gas Mrs. Gallup gave her a lamp. It is assumed that her curiosity got the better of her, as she opened the valve of the gas jet and neglected to close it.

Friday morning about 7 o'clock Mrs. Gallup detected the odor of gas coming through the keyhole in the door of the girl's room. The door was locked, but the key had been removed, so Mrs. Gallup was able to put another key into the lock and opened the door. She found the room filled with gas and quickly closed the valve.

The girl was dead, having been asphyxiated, but lay in bed just as she had fallen asleep. The key to the door lay on the bureau.

To the Memory of Mrs. Minnie Whitcomb Whereas, Cobble Hill grange is again mourning a sister, Mrs. Minnie Whitcomb, and Whereas, All who knew her kind disposition and spirit of helpful service are mourners, be it

Resolved, That we, the members of Cobble Hill grange, extend to the bereaved family of our sister our heartfelt sympathy, and be it further

Resolved, That in token of sympathy and sorrow, our charter be draped in mourning for a period of 30 days, and Whereas, That a copy of these resolutions be spread upon the records of our grange, a copy be printed in the Barre Daily Times and a copy be sent to the bereaved family.

Inez L. Thurston, Mrs. Arthur L. Pierce, J. K. Thurston, Committee on Resolutions.

CALLED "AN OLD POOL."

He Was Justified in Terminating Agreement to Will Farm Property.

Brattleboro, Nov. 25.—Chancellor Leighton P. Slack filed yesterday his finding of facts in the chancery cases he heard this week in Brattleboro. In the suit of Earl and Nellie Simpson of Windham against Peter Penor for possession of a farm the findings are voluminous. This was a suit brought by the plaintiffs to secure title to the farm which they had taken with what they claimed to have been the understanding that the defendant, who is the grandfather of Mrs. Simpson, would deed it to Mrs. Simpson if she would "see him through."

The chancellor finds that the Simpsons went there to live in April, 1911, and that matters were satisfactory for the first year. He finds also that the defendant was drawn into the case by the fact that the defendant had been told that the deed would be given to the defendant if he would "see him through." The defendant, who is the grandfather of Mrs. Simpson, would deed it to Mrs. Simpson if she would "see him through."

The chancellor finds that the Simpsons went there to live in April, 1911, and that matters were satisfactory for the first year. He finds also that the defendant was drawn into the case by the fact that the defendant had been told that the deed would be given to the defendant if he would "see him through."

OLD PRACTICING DENTIST.

Dr. Frederick A. Woodbury, 76, Died in Brattleboro.

Brattleboro, Nov. 25.—Dr. Frederick A. Woodbury, 76, the oldest practicing dentist in Brattleboro, died at his home on Elliot street yesterday. He was stricken with apoplexy while engaged in extracting teeth. He had been a resident of Brattleboro about 60 years and practiced his profession continuously. At one time he was widely known through the use of the dental electric vibrator, which theoretically made the extraction of teeth painless.

Dr. Woodbury was born in Springfield July 29, 1840, and when a young man moved to Brattleboro and immediately established himself in his chosen profession. He had twice married. His first wife was Miss Milla Carpenter. Some time after her death he married Mrs. A. B. Hatfield of St. Johns, N. B., who survives.

Besides his wife he leaves four brothers, Joseph of Perkinsville, John of Springfield, and George of Cavendish, and three sisters, Mrs. Homer Kingsbury of Cavendish, Mrs. John Moore of Royalston, Mass., and Mrs. Daniel Edson of Rochester, N. Y. A step-daughter, who often has visited Dr. and Mrs. Woodbury is Mrs. Robert Somerville of New York, wife of a sea captain. He was a member of the First Baptist church and a constant attendant at church and Bible school.

The funeral will be held Monday afternoon at 12:15 o'clock at the house, Rev. George E. Tomkinson, pastor of the First Baptist church, officiating. The body will be taken to Halifax for burial.

WEBSTERVILLE.

Websterville Baptist Church.—W. H. Bishop, pastor. Preaching service at 10:30 a. m. and 7 p. m. Bible school at 11:30 a. m. Morning sermon, "The Spirit of Thanksgiving." Evening sermon, "The Man Who Said 'Thank You.'" All welcome.

Famous Little Sugar Place at Auction

Saturday Afternoon, Dec. 2

As I leave for Florida Monday, Dec. 4, and am determined to dispose of what property I have in Williamstown, have decided to sell it at auction on the above date. The property is all that part of the Little farm lying easterly of the highway and estimated to contain 90 acres. There is in the vicinity of 20 acres of tillage, on which there are 100 bearing fruit trees, between 50 and 60 McIntosh Red trees 3 yrs. old; 2 acres of raspberry and blackberry plants; have sold some years 100 barrels of apples from this orchard in one season, and the berries ought to yield at least \$200.00 per year with ordinary care; tillage is in good state of cultivation and yields a crop of No. 1 hay. The sugar bush is the one which has made my farm famous, and I usually hang from 1,100 to 1,200 bushels; estimated to be at least 3,500 run of wood, practically all rock maple; this wood lays easy to cut off and is within very short hauling distance of a splendid wood market; without doubt there is enough to pay for the entire property if properly handled. Will offer the woodlot separate with reasonable time in which to cut it off, and will also offer the entire tract, reserving the right to sell the way the property brings most. There is also about 500 tin buckets with covers and spouts, galv. storage tank, svrup tank, evaporator and heater. The buildings which go with the land consist of a 100-ft. henhouse, also shop with cement floor, and 2 barns on the opposite side of the road, which may be removed; there are also several colony houses; liberal terms will be given on this property and it is going to be sold; a deposit will be required from purchaser when sold. Plan to be present promptly at 1:30 o'clock Saturday afternoon. The property will be shown any time before the sale by the D. A. Perry Real Estate Agency, and Mr. Little will be on the premises all day Friday and Saturday forenoon for the purpose of going over the property with interested parties.

F. C. LITTLE, Owner.

D. A. PERRY, Auctioneer.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts through the blood on the mucous surfaces of the system thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists, etc.

SHERIFF'S SALE

Taken by virtue of an execution to me directed, and will be sold at public auction to satisfy said execution as the law directs, on the 25th day of November, A. D. 1916, at 10 o'clock in the afternoon, in the highway at the corner of the city of Barre, Vt., the following described property, to-wit: One Hudson Runabout car.

GEORGE L. MORRIS, Deputy Sheriff.

Dated at the city of Barre, Vt., this 14th day of November, 1916.

REVERE HOUSE

ROOM AND BATH FOR A DOLLAR AND A HALF

Hot and Cold Water, Long Distance Telephone, Electric, Gas, and Steam Heat. Electric from North and South Stations and every steamship wharf arrive at Bowdoin Station, our main entrance.

Real estate owners, now open your eyes, investigate, study, and thus become wise, to the fact that

Bishopric Wall Board

is better than lath and plaster, saves 40 per cent. in construction, renders 100 per cent. in service. Any weather is good building weather when you use Bishopric Wall Board and Sheathing. Bishopric Roofing is self-protecting and requires no paint.

It beats all other kinds of roofing that's made, and those who have tried it all seem to agree. It drives everything else away into the shade. Of the other kind of old apple tree.

For your buildings the Bishopric roofing is best. It's used in the North, the South, East and the West. And there's thousands of dollars to back it.
